

Section 2-200 AR-2 Agricultural Rural-2

2-201 Purpose and Intent. The purpose and intent of the AR-2 district is to:

- (A) Support the primary use of land for rural economy uses consistent with the pattern of rural and agricultural land uses in the district, including sustaining and nurturing the economically significant equine industry.
- (B) Allow residential uses secondarily in a form and context that is consistent with the general open and rural character of the rural economy uses, and consistent with the land use patterns in the district, which are marked by very low density and large parcels relative to the other portions of the County.
- (C) Allow for a broad range of rural economy uses, including traditional and new agricultural uses (agriculture, horticulture and animal husbandry), agriculture support and basic services directly associated with on-going agricultural activities, and low impact non-rural uses that can be developed in ways that are consistent with the rural character of the rural economy uses through mitigation or other standards.
- (D) Recognize the County's tourism industry is interconnected with the rural economy and rural economy uses in the district by allowing for tourism uses related to traditional and new agricultural uses, conference and training center uses, and rural activity and special event uses for tourists related to the traditional and new agricultural uses.
- (E) Ensure that residential development is consistent with the open character of the rural economy uses by requiring either very low density residential development or the clustering of residential development in ways that are harmonious with rural economy uses and that preserve the general rural character of the district.
- ~~(F) Ensure that development is designed and located in ways that are consistent with conservation design principles and protects and maintains primary conservation areas in ways that are consistent with the development of rural economy uses and the general rural character of the district.~~
- (G) Ensure that the rural economy uses are compatible with any existing permitted residential development.

1 | **2-202 Use Regulations.** Table 2-202 summarizes the principal use regulations of the
2 | AR-2 district.

3 | (B) **Organization of Use Table.** Table 2-202 organizes the uses in the AR-2
4 | district by Use Classifications, Use Categories and Use Types.

5 | (1) **Use Classifications.** The Use Classifications are: agricultural uses;
6 | residential uses; public and institutional uses; commercial uses;
7 | and industrial uses. The Use Classifications provide a systematic
8 | basis for assigning present and future land uses into broad general
9 | classifications (e.g., agricultural uses and residential uses). The
10 | Use Classifications then organize land uses and activities into
11 | general "Use Categories" and specific "Use Types" based on
12 | common functional, product, or physical characteristics, such as
13 | the type and amount of activity, the type of customers or residents,
14 | how goods or services are sold or delivered, and site conditions.

15 | (2) **Use Categories.** The Use Categories describe the major sub-
16 | groups of the Use Classification, based on common characteristics
17 | (e.g., the residential Use Classification is divided into two major
18 | Use Categories: Household Living and Group Living). Principal
19 | uses are identified in defining the Use Category. They are
20 | principal uses that most closely share the common characteristics
21 | that are key to the Use Category.

22 | (3) **Use Types.** The Use Categories are then divided into specific Use
23 | Types. The specific Use Types are included in the respective Use
24 | Category. They identify the specific uses that are considered to
25 | fall within characteristics identified in the Use Category. For
26 | example, single family detached dwellings, multi-family dwellings
27 | and town houses are Use Types in the Household Living Use
28 | Category.

29 | (C) **Use Categories and Use Types Defined.** All the Use Categories and Use
30 | Types listed in Table 2-202 are defined in Article VIII (Definitions).

31 | (D) **Permitted and Special Exception Uses.** A "P" in the column identified
32 | "AR-2" indicates that a Use Category or specific Use Type is permitted as
33 | a matter of right (as a permitted use) in the AR-2 district, subject to
34 | compliance with all applicable standards and regulations in this Ordinance
35 | and all other County ordinances. An "S" indicates that a Use Type is
36 | allowed in the AR-2 district as a special exception in accordance with the
37 | procedures and standards of Section 6-1300. An "M" indicates that a Use
38 | Type is allowed in the AR-2 district as a minor special exception in
39 | accordance with the procedures and standards of Section 6-1300. In some
40 | instances, and based on the Additional Regulations for Specific Uses
41 | (Section 5-600), a Use Type will be permitted as a matter of right under

certain conditions or allowed as a special exception or minor special exception under other conditions. In those instances, it is identified as “P/S” or “P/M,” as appropriate.

(E) **Reference to General Use Category.** References to “General Use Category” under the Use Type column mean all of the uses in the Use Category are allowed. The Use Category is defined in Article VIII. Where specific Use Types are listed in the Use Type column, only the listed Use Types in the Use Category are allowed. The Use Types are defined in Article VIII.

(F) **Additional Regulations for Specific Uses.** References to sections in the final column of Table 2-202 (Additional Regulations for Specific Uses) indicate that the listed use is subject to use-specific regulations. The numbers provide a cross-reference to the “Additional Regulations for Specific Uses” in Section 5-600.

1 | ~~2-203 Lot and Building Requirements.~~ Table 2-203 identifies the lot and building
2 | requirements that apply to all development in the AR-2 district, except land
3 | developed under the AR-2 Cluster Option pursuant to Section 2-204 and Section
4 | 5-703, or unless the performance standards in Section 5-600 (Additional
5 | Regulations for Specific Uses) specify different requirements.

TABLE 2-203	
AR-2 LOT AND BUILDING REQUIREMENTS	
(EXCEPT DEVELOPMENT UNDER AR DISTRICT CLUSTER OPTION)	
Minimum Lot Size	50 acres
Minimum Lot Width	200 feet on paved roads; 50 feet on unpaved roads
Minimum Yards	No building shall be located within 25 feet of any property line nor within 100 feet from the right of way of any arterial road, 75 feet from the right of way of any collector road, and 35 feet from any other road right of way, private access easement, and any prescriptive easement.
Maximum Lot Coverage	8% maximum, based on gross acreage
Maximum Building Height	35 feet. No restriction for buildings used exclusively for agriculture, horticulture and animal husbandry.
Lot Access	<p>Access to individual lot provided by privately owned and maintained travelway which shall either be:</p> <ul style="list-style-type: none">○ A private access easement that complies with the requirements of Chapter 4: Transportation of the Facilities Standards Manual; or○ A private lane that:<ul style="list-style-type: none">■ Is within a 24' private easement;■ Is at least 12' in width;■ If paved, is 2" over a 4" base;■ If gravel is 6"; and■ Has a maximum grade of 10% with a minimum 30' centerline curve radius.○ Private access easement or private lane may serve as frontage in lieu of public road frontage up to 25 lots. <p>Plat of division shall contain a note and provide for maintenance of private access easement or private lane.</p>

6 | ~~2-204 AR-2 Cluster Option.~~ At the option of the landowner, lands in the AR-2 district
7 | may be developed pursuant to the procedures and requirements of the AR District
8 | Cluster Option (Section 5-703).

9 | ~~2-205 Utility Requirements.~~

10 | (A) ~~Water.~~ Development shall be served either by individual wells or
11 | communal water supply systems. Individual wells or communal water

supply systems may be located within the Rural Economy Conservation Lands consistent with the standards of Section 6-2005.

- (B) **Wastewater.** ~~Development shall be served either by communal sewer systems or by septic systems. Communal sewer systems or septic systems may be located within the Rural Economy Conservation Lands consistent with the standards of Section 6-2005.~~

2-203 Development Options. Land within the AR-2 zoning district may be subdivided under one of the following three development options:

(A) **Base Density Division Option.** A Base Density Division meeting the following standards and criteria may be permitted in accordance with the procedures outlined in the Land Subdivision and Development Ordinance (LSDO) for such division:

(1) **Lot Yield.** Under the Base Density Division Option, the maximum lot yield shall be one lot per 40 acres.

(2) **Permitted Uses.** The uses permitted on lots developed in accordance with the Base Density Division Option are identified in Table 2-202 and are subject to the Additional Regulations for Specific Uses of Section 5-600.

(3) **Lot and Building Requirements.**

(a) **Minimum Lot Size.** 40 acres.

(b) **Minimum Lot Width.** 175 feet.

(c) **Minimum Yards.** No structure shall be located within 25 feet of any property line or within 100 feet from the right-of-way of any arterial road; 75 feet from the right-of-way of any collector road; or 35 feet from any other road right-of-way, private access easement, and/or any prescriptive easement.

(d) **Maximum Lot Coverage.** 8%.

(e) **Maximum Building Height.** 35 feet, excluding agricultural, horticultural, and animal husbandry structures.

(4) **Creation of Lots.**

(a) **Request.** Requests for creation of lots by plat of division in the AR-2 District shall be submitted to the Director of the Department of Building and Development (or designee) for review and approval in accordance with "AR-2 and AR-1 Divisions" of the Land Subdivision and Development Ordinance.

(b) **Public Road Frontage.** No such lot shall be created fronting on a public road unless the publicly dedicated width of such road along the entire frontage of the newly created lot, measured from the centerline of the road to the property line of the lot, satisfies the criteria of the Virginia Department of Transportation (VDOT).

(c) **Utility Requirements.** Each lot shall have an on-site water supply and individual sewage disposal system approved by the Health Department prior to recordation of the division.

(5) **Lot Access.**

(a) Access to individual lots may be provided by a private access easement that complies with the requirements of the Facilities Standards Manual.

(b) A private access easement may serve as frontage in-lieu of public road frontage for up to 7 lots.

(c) The plat of division shall contain a note detailing the provisions for the maintenance of the private access easement.

(B) **Principal/Subordinate Subdivision Option:** The Principal/Subordinate Subdivision Option is a subdivision of land in which a maximum lot yield is calculated for an Originating Tract based on the gross acreage of such tract. The maximum lot yield shall be as set forth in Subsection 2-203(B)(1)(b) below. The Principal/Subordinate Subdivision Option results in the creation of one Principal Lot, and one or more Subordinate Lots. The number of Subordinate Lots created is subtracted from the maximum lot yield and the resulting number establishes the remaining number of lots, which is assigned to the Principal Lot. The creation of subsequent Subordinate Lots from the Principal Lot is permitted, with the number of lots assigned to the Principal Lot reduced by one for each Subordinate Lot created. Once the number of lots assigned to the Principal Lot is reduced to one, no more Subordinate Lots can be created. The Principal/Subordinate Subdivision Option typically allows the landowner to achieve a greater lot yield than the base density of the Base Density Division Option, while providing for the establishment of rural economy uses as a primary use with single-family detached residential development as a secondary use.

(1) **General Requirements.**

(a) **General.** A landowner may exercise this option on a site consisting of a minimum of 40 acres.

(b) **Lot Yield.** The maximum lot yield shall be 1 lot per 20 acres.

(2) **Characteristics of Principal/Subordinate Subdivision Option.**

****DRAFT****

- 1 (a) The lot yield of a Principal/Subordinate Subdivision shall be
2 calculated from the Originating Tract of land in existence at the
3 time the first Principal/Subordinate Subdivision is created.
- 4 (b) Once a Principal/Subordinate Subdivision is created, the number
5 of lots assigned to the subdivision shall not be altered.
- 6 (c) The lot yield of the Originating Tract shall be calculated with
7 each preliminary and/or record plat. At the time of the first
8 subdivision, the number of Subordinate Lots created is subtracted
9 from the number of lots calculated for the Originating Tract and
10 the remaining number of lots is then assigned to the Principal
11 Lot. Each subsequently created Subordinate Lot is subtracted
12 from the number of lots assigned to the Principal Lot and shall
13 reduce the number of lots assigned to the Principal Lot by one
14 (1) for each lot.
- 15 (d) A Principal Lot may be further subdivided, provided the
16 minimum requirements of the Zoning Ordinance and Land
17 Development and Subdivision Ordinance (LSDO) are met. Once
18 the number of lots assigned to the Principal Lot is reduced to
19 one, the Principal Lot may no longer be subdivided.
- 20 (e) Subordinate Lots shall not be further subdivided. The record plat
21 and initial deed of conveyance after establishment of a
22 subdivision lot under the Principal/ Subordinate Subdivision
23 Option shall contain a statement to this effect.
- 24 (f) A subdivision of one or more lots may occur at one time or in a
25 series of subdivisions up to the maximum lot yield calculated for
26 the Originating Tract.
- 27 (g) Any subdivision record plat for a Principal/Subordinate
28 Subdivision shall contain a tabulation of density showing, in
29 addition to all Land Subdivision and Development Ordinance
30 (LSDO) requirements, the lot yield originally calculated for the
31 Originating Tract, all prior subdivisions from the Originating
32 Tract and each resulting Principal Lot and number of lots created
33 pursuant to such subdivisions.
- 34 (h) The perimeter setback required in Section 2-203(B)(4)(d) shall
35 be indicated and clearly labeled on each preliminary and record
36 plat.
- 37 (i) The Principal Lot shall be clearly labeled on each record plat.
38
39
40
41
42
43
44
45

- (j) Each Principal/Subordinate Subdivision shall contain at least one lot of a minimum of 25 acres in size.

(3) Permitted Uses.

- (a) **Principal and Subordinate Lots.** The uses permitted on lots developed in accordance with the Principal/Subordinate Development Option are identified in Table 2-202 and are subject to the Additional Regulations for Specific Uses of Section 5-600.

(4) Lot and Building Requirements. The Lot and Building Requirements for development under the Principal/Subordinate Subdivision Option are identified below, except where the performance standards in Section 5-600 (Additional Regulations for Specific Uses) specify different requirements for a particular use.

- (a) **Minimum Lot Size.** 80,000 square feet, exclusive of major floodplain. At least one lot in the development shall be a minimum of 25 acres.
- (b) **Minimum Lot Width.** 175 feet.
- (c) **Maximum Length/Width Ratio.** 3:1.
- (d) **Perimeter Setback.** All structures shall be set back a minimum of 100 feet from the side and rear lot lines of the Originating Tract.
- (e) **Minimum Yards.** No structure shall be located within 25 feet of any property line or within 100 feet from the right-of-way of any arterial road, 75 feet from the right-of-way of any collector road, and 35 feet from any other road right-of-way, private access easement, and/or any prescriptive easement.
- (f) **Maximum Lot Coverage.** 15% maximum.
- (g) **Building Height.** 35 feet maximum, excluding agricultural, horticultural, and animal husbandry structures.

(5) Landscaping/Buffering. Notwithstanding the requirements of Section 5-1400, required buffers may be provided on either the Principal and/or Subordinate lots.

(6) Utility Requirements.

- 1 (a) **Water.** All lots shall be served by individual water supply
2 systems located on the lot.
- 3 (b) **Sewer.** All lots shall be served by individual sewage disposal
4 systems located on the lot.
- 5 (7) **Fire Protection.** The development shall satisfy the fire protection
6 standards set forth in the Facilities Standards Manual.
- 7 (8) **Lot Access.**
- 8 (a) Access to individual lots may be provided by a private access
9 easement that complies with the requirements of Chapter 4:
10 Transportation, of the Facilities Standards Manual.
- 11 (b) A private access easement may serve as frontage in lieu of public
12 road frontage up to 25 lots per easement.
- 13 (c) The record plat of subdivision shall contain a note detailing the
14 provisions for the maintenance of the private access easement.
- 15 (C) **Cluster Subdivision Option.** The Cluster Subdivision Option allows for
16 the subdivision of a tract of land with a more compact residential design
17 plus one or more large lots suitable for rural economy uses and/or common
18 open space. Communal water and sewer systems may be used for such
19 developments.
- 20 (1) **General Requirements.**
- 21 (a) **General.** A landowner may exercise this option on a site
22 consisting of a minimum of 40 acres.
- 23 (b) **Lot Yield.** The maximum lot yield shall be 1 lot per 20 acres.
- 24 (2) **Characteristics of Cluster Subdivision Option.**
- 25 (a) Depending on the tract size the cluster subdivision may include
26 lots from 80,000 sq. ft. to 4 acres in size, exclusive of major
27 floodplain, and at least one lot 25 acres or more and may include
28 common open space.
- 29 (b) The lot yield of the cluster subdivision shall be calculated from
30 the gross acreage for the tract of land from which the subdivision
31 is created.
- 32 (c) All lots within the cluster subdivision shall be created at one
33 time.
- 34
- 35
- 36
- 37
- 38
- 39
- 40

- (d) The lots created by cluster subdivision shall not be further subdivided.
- (e) A Homeowners' Association is required for any subdivision with common elements as described in Section 2-204.
- (f) Each preliminary and record plat for a cluster subdivision shall contain a tabulation of lot yield for the cluster subdivision.
- (g) The perimeter setback required in Section 2-203(C)(6) shall be indicated and clearly labeled on each preliminary and record plat.
- (h) A minimum of 85% of the gross land area of the development shall be comprised of a lot or lots 25 acres or more or a combination of a lot or lots 25 acres or more and common open space.
- (3) **Lot standards for lots 80,000 square feet to 4 acres in size.** The site layout of the proposed development shall occur during preliminary subdivision plat review. Development of the cluster option shall comply with all of the following standards in addition to the requirements of the LSDO:
- (a) **Number of Lots in Cluster(s).** Lots shall be grouped in clusters consisting of a minimum of 5 lots and a maximum of 25 lots, except that a cluster may consist of fewer than 5 lots if any one of the following applies:
- (i) There will be fewer than 5 lots in the entire subdivision.
- (ii) In the AR-2 district, the area of the site is less than 100 acres.
- (iii) It is demonstrated that a cluster of fewer than 5 lots will result in less disturbance of land within the Mountainside Development Overlay District (MDOD), Floodplain Overlay District (FOD) lands, and/or land containing steep slopes and/or wetlands.
- (b) **Number of Clusters.** Multiple groupings of cluster lots shall be required where the total number of lots on a site is greater than 25. A single grouping of cluster lots shall contain all the lots where the total number of lots on a site is 25 or fewer, except that multiple clusters may be allowed where it is demonstrated that multiple clusters will result in less disturbance of land within the Mountainside Development Overlay District (MDOD).

Floodplain Overlay District (FOD) lands, and/or land containing steep slopes and/or wetlands.

(c) **Distance Between Clusters.** If more than one grouping of cluster lots is to be created from a parcel, a minimum of 500 feet shall separate the lot lines of the outer boundaries of each grouping of cluster lots (exclusive of common open space and lots 25 acres or greater).

(d) **Lot Size.**

(i) **Minimum lot size.** 80,000 sq. ft., exclusive of major flood plain.

(ii) **Maximum lot size.** 4 acres, exclusive of major flood plain.

(e) **Minimum Lot Width.** 175 feet.

(f) **Maximum Length/Width Ratio.** 3:1.

(g) **Maximum Lot Coverage.** 15%.

(h) **Permitted Uses on Lots.** The uses allowed on lots are identified in Table 2-202 and are subject to the Additional Regulations for Specific Uses in Section 5-600.

(4) **Lot standards for lots 25 acres in size and greater.** Each cluster subdivision shall contain at least one lot of a minimum of 25 acres that shall meet the following standards:

(a) **Minimum Lot Size.** 25 acres.

(b) **Maximum Lot Coverage.** 8%.

(c) **Minimum Lot Width.** 175 feet.

(d) **Maximum Length/Width Ratio.** 3:1.

(e) **Permitted Uses on Lots.** The uses allowed on lots are identified in Table 2-202, subject to the Additional Regulations for Specific Uses in Section 5-600.

(5) **Common Open Space Use.** Land that is neither part of a lot nor a road right-of-way shall be placed in common open space and shall be maintained by a Homeowner's Association as described in Section 2-204. Common Open Space shall be designed to constitute a contiguous and cohesive unit of land which may be used as described below.

A-91

Common Open Space has no minimum or maximum lot size and no lot width regulations. Further, Common Open Space does not count against the lot yield allotted to the subdivision.

- (a) **Permitted Uses.** Uses allowed on the Common Open Space land are listed below and are subject to the Additional Regulations for Specific Uses in Section 5-600 as referenced:
- (i) Agriculture, horticulture, animal husbandry and structures accessory to such use, including, but not limited to barns and run-in sheds to house livestock or farm equipment, pursuant to Section 5-626.
 - (ii) Construction and/or sales trailer, during period of construction activity.
 - (iii) Easements and improvements for drainage, access, sewer or water lines, or other public purposes.
 - (iv) Passive open space or passive recreation, including but not limited to trails, picnic areas, community gardens.
 - (v) Sewage disposal system, communal.
 - (vi) Sewer pumping station.
 - (vii) Stables, pursuant to Section 5-627.
 - (viii) Stormwater management facilities for the proposed development or for a larger area in compliance with a watershed stormwater management plan.
 - (ix) Telecommunications antenna, pursuant to Section 5-618(A).
 - (x) Telecommunications monopole, pursuant to Section 5-618(B)(1).
 - (xi) Telecommunications monopole, pursuant to Section 5-618(B)(2).
 - (xii) Utility substation, dedicated.
 - (xiii) Utility transmission lines, overhead (excluding connections of lines from existing overhead public utility transmission lines to individual uses).
 - (xiv) Water pumping station.

- (xv) Water supply system, communal.
- (b) **Special Exception Use.** The following uses are permitted within Common Open Space with Special Exception approval pursuant to Section 6-1300 and are subject to the Additional Regulations for Specific Uses in Section 5-600 as referenced.
- (i) Active recreation space.
- (ii) Telecommunications tower, pursuant to Section 5-618(C)(2).
- (6) **Perimeter Setback.** No structure shall be located within 100 feet of any perimeter property line of the subject development.
- (7) **Yards.**
- (a) **Front.** No structure shall be located within one hundred (100) feet from the right of way of any arterial road; seventy five (75) feet from the right of way of any collector road; or thirty five (35) feet from any other road right of way, private access easement, and/or prescriptive easement.
- (b) **Side.** 15 feet minimum.
- (c) **Rear.** 35 feet minimum.
- (8) **Building Requirements.**
- (a) **Building Height.** Thirty five (35) feet maximum, excluding agricultural, horticultural, and animal husbandry structures.
- (9) **Utility Requirements.**
- (a) **Water.** All lots shall be served by either:
- (i) Individual water systems, located on the lot served; or
- (ii) Communal water system, located within Common Open Space, with maintenance to be provided pursuant to Section 2-203(C)(10).
- (b) **Sewer.** All lots shall be served by either:
- (i) Individual sewage disposal systems, located on the lot served, or

- (ii) Communal sewage disposal system that shall be located within Common Open Space with maintenance to be provided pursuant to Section 2-203(C)(10).

(10) Maintenance of Communal Water and/or Sewage Disposal

Systems. If the development has been designed as a cluster development and is served by communal water and/or sewage disposal system placed within Common Open Space and with an emergency access easement provided: such systems shall be operated and maintained by LCSA, in accord with all LCSA adopted policies. If LCSA policies preclude maintenance by LCSA, then the HOA shall contract with a duly licensed third party maintenance company. All costs of operation and maintenance of such communal systems shall be borne as a common expense by the owners of the lots served

(11) Lot Access.

- (a) Access to individual lots or common open space may be provided by a private access easement which shall comply with the requirements of the Facilities Standards Manual.
- (b) Private access easements may serve as frontage in lieu of public road frontage for up to 25 lots per easement.
- (c) The plat of subdivision shall contain a note detailing the maintenance provisions for the private access easement.

- (12) Fire Protection.** The development shall satisfy the fire protection standards set forth in the Facilities Standards Manual.

2-204 Homeowners' Association and Responsibilities.

- (A) If the subdivision contains any of the common areas or improvements listed below, the development shall have an incorporated Homeowners' Association ("HOA"). The HOA shall have the right and responsibility to maintain the following areas or improvements:

- (1) Common open space areas within the development that are not part of an individual lot;
- (2) Lot(s), if owned by the HOA;
- (3) Private roads, if any, within or serving the development, except as provided in Section 2-204(C);
- (4) Communal water and/or sewage disposal systems, except as provided in Section 2-204(D);
- (5) Any stormwater management facilities or areas;

- (6) Fire protection pond(s), dry mains, or other improvements;
 - (7) Such other common facilities or improvements as may be designated in the bylaws of the HOA.
 - (B) Membership in the HOA shall be required for all purchasers of lots in the subdivision and their successors in title.
 - (C) Notwithstanding the requirements of Section 2-204(A) above, if the only common element is private roads or easements, then they shall either be maintained by an HOA or pursuant to a private road maintenance agreement. If such roads are to be maintained pursuant to a private road maintenance agreement, then the terms thereof shall be included on each record plat of subdivision for the development.
 - (D) Notwithstanding the requirements of Section 2-204(A) above, communal water or sewage disposal systems may be maintained by LCSA or a duly licensed third-party maintenance company.
 - (E) Prior to approval of a record plat of subdivision for the cluster:
 - (1) If a Homeowner's Association is to be established, the landowner shall submit documents for the creation of the HOA to the County for review and approval, including its bylaws, and all documents governing ownership, maintenance, and use restrictions for common areas, including a legal description of such areas and a description of restrictions placed upon the use and enjoyment of the land.
 - (2) If a communal water and/or sewage disposal system is to be maintained by a third-party, a minimum two year maintenance contract is to be submitted for review by the County.
 - (3) If the subdivision is served by private roads and there is no HOA for the subdivision, the developer shall submit a private road maintenance agreement to the County for review and approval.

36 **2-205 Recognizing Protection by Right to Farm Act.** Record plats and deeds
37 authorized pursuant to this section shall include a statement that agricultural
38 operations enjoy the protection of the Right to Farm Act (Va. Code Section 3.1-
39 22.28 et seq.).
